## What is Astrology

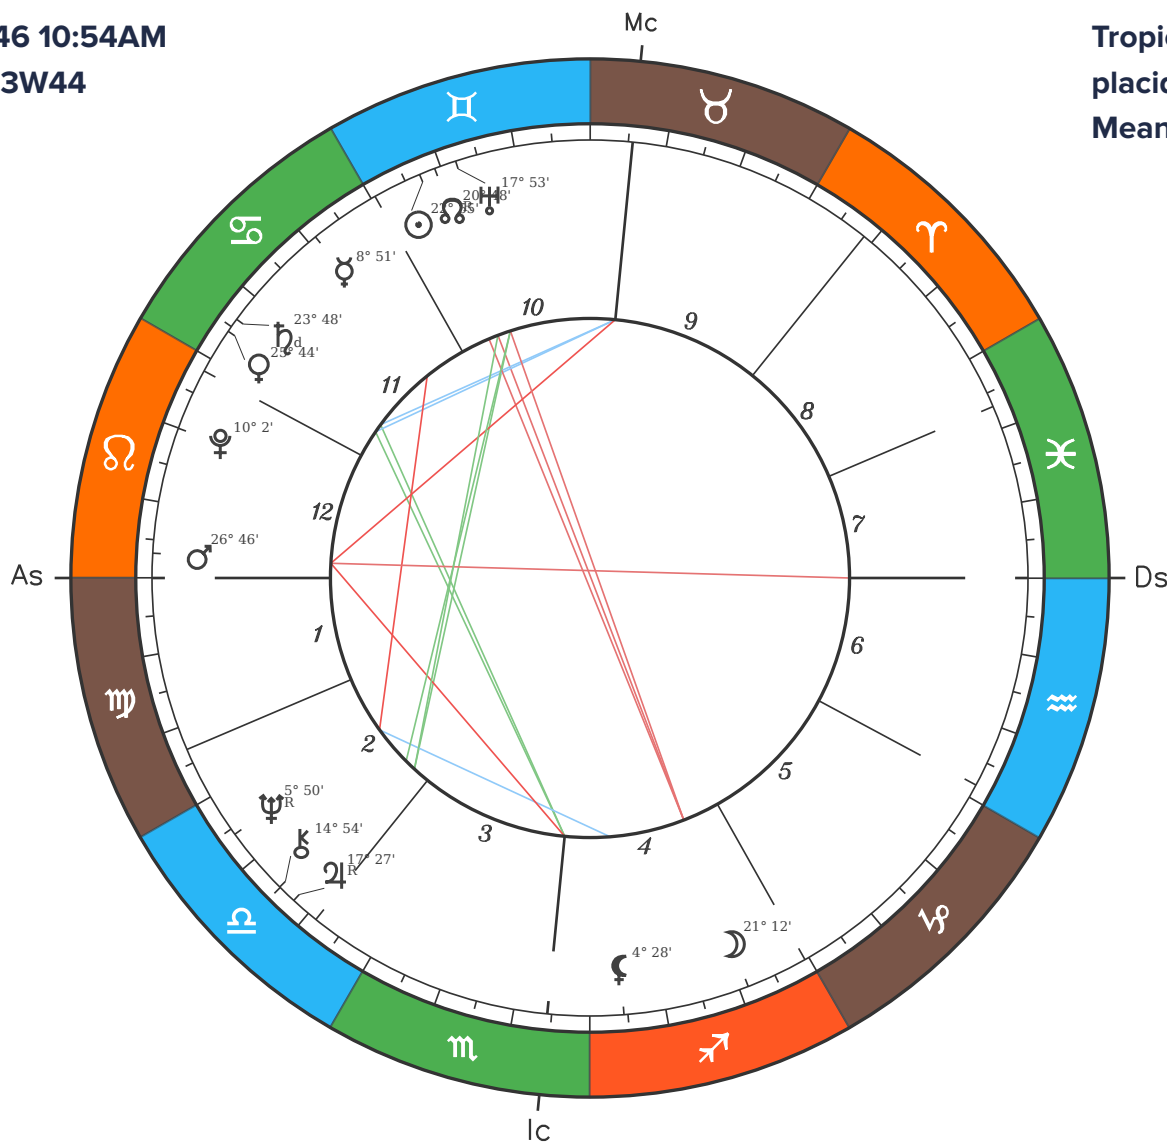

Astrology is the study of the effects of planetary forces upon man. It is not fortune telling. It is one of the best methods for man to learn about who he is, where he came from and where he is going. Astrology reveals CHARACTER and character is destiny. If man can change his character, then man will have changed his destiny. The main uses of astrology are diagnosis of health and sickness, character analysis, vocational guidance, analysis of children's horoscopes so as to give parents a better idea as to how best to raise their children, and analysis of the compatibilities between people.

Astrology does not show anything but tendencies. A man can rule his stars by exerting his will. If a man decides to flow with the tide of life, then the tendencies indicated in the birth chart will at some time have their effect. The one thing a birth chart does not show is the WILL of the individual and how he may exert it. The matter of exercising free will is left entirely up to the individual. The wise man rules his stars, the fool is ruled by them. Astrology forewarns and being forewarned, a man is thus forewarned to better cope with the struggles of life.

Challenging

8-12-2024

Riled-up emotions can stir up harsh words, so watch your mouth and think before you speak. It's easy to get into a pointless argument, so when in doubt, agree to disagree if at all possible. ### Transiting Sun Conjunction Natal Moon - ☉ ♂ ☾

Dynamic

0.08

12-12-2024

You feel re-centered and integrated now; however you run the risk of being too self-contained - if that's possible. Remember to consider the needs of others, especially those you live with and family members. Another may put pressure on you, which

creates feelings of resistance in you. This Sun transit illuminates your personal, domestic, and emotional life so that you can observe and understand them better. It will bring out all your subconscious attitudes. Take a long look, and it can be a time of great discovery. If emotions are faced and acknowledged in a positive way, this can be a time of great understanding and progress. This is not the time to concentrate your energies on material things. It's a time to pay attention to your inner feelings and let the Moon's emotional influence guide the thoughts and actions. You may want to make some changes as this is a time of new beginnings in your inner life--a sort of personal "new moon". It is a time for deep inner reflection.

### Transiting Venus Trine Natal Neptune - ♀ △ ♃

Harmony

0.38

12-12-2024

This transit can increase your receptivity to beauty, art and music. The finer things in life have an appeal now and, if you are creative or artistic, your powers of imagination and inspiration are likely to be enhanced now.

### Transiting Sun Opposition Natal Sun - ☉♁☉

Tension

0.23

14-12-2024

Smugness or arrogance could mar this period. The question is, are these traits in you or another? The ambitions of others could conflict with your own and cause tensions. You may be a bit grumpy or out of sorts during this period. If this is a regular transit, it occurs about six months past your last birthday and it indicates a culmination of your life energies. There can be a need to bring your affairs into some kind of order, and there may be some opposition from others in the process. The goal now is not to fight against yourself, because this is actually a time of great strength. If some projects have fallen away, it is important not to feel defeated but rather to keep moving forward. Insight gained can give you valuable information for fresh starts.

### Transiting Mercury Sextile Natal Neptune - ♀ ✱ ♃

Opportunities

0.56

15-12-2024

You are at risk of being mentally lax and careless now, but equally, there is the possibility of inspired and imaginative thinking too. Music, poetry, film and artistic creativity can flourish during this transit.

### Transiting Venus Opposition Natal Pluto - ♀ ⚖ ♇

Tension

0.41

15-12-2024

This aspect deals with relationships, and intensifies the energy and the effects of the experiences involved. Infatuation may prevent proper evaluation of consequences. There could be obscure conflicts in existing relationships, causing some difficulties. Beware of manipulative tendencies. There are powerful energies at work here, and it would be wise to recognize and deal with root causes. At this time there is a strong chance of being drawn to another as if by some kind of hidden force or compulsion, with a very real risk of sexual tension and obsession. Conflicts or power struggles in love are possible.

This is a good period for getting things done, because you have strong self-discipline and a sense for what is practically achievable. This can be a "down-to-earth" transit. Circumstances can frustrate you and can cause you to resist the demands of the time, as situations often appear stuck or interminably slow to develop. One lesson of this period is patience, as certain areas of your life sometimes become obstructed where no amount of pressure can remove the obstacles. Generally, it is ineffective to force issues, but you usually accomplish more by accepting the inevitable reality of the moment and biding your time until the blockages become free. This is not to say that you must step aside. Strenuous effort often characterizes this cycle, but expectations of quick results usually go unmet. Working hard can further your ends but try to see the wisdom in going slow for now.
